Dear Deborrah:

I am sorry that I am unable to attend the Scott-Free Inaugural Event. I commend you and the organization for creating a program that provides much-needed assistance to a targeted group of children who need all of our help.

Your willingness to step up and start a program that facilitates the involvement of the community in young people's lives will leave an indelible mark on a group of children that, as you and I know, will benefit from exposure to new and exciting opportunities.

I wish your organization the best in the future. I plan to follow its many successes!

Sincerely,
